DESCRIPTION

- ◆ Features include a 0.61kg/sq.m(18oz/sq.yd) fire resistant vinyl covering a lattice polyurethane foam structure with 1.2lb density
- ◆ 2" top pad made with spike resistant mesh
- ◆ 8' x 16'6" x 26" plus 2" cover
- ◆ Standard mat colour is royal blue, other colours are available by special order.
- ◆ All seams double sewn
- ◆ Anti-skid and scuff resistant bottom
- ◆ Reinforced corners

Material Properties

- ◆ 0.61kg/sq.m(18oz/sq.yd) polyester reinforced vinyl
- ◆ 0.6kg(1.2lb) polyurethane foam
- ◆ Meets FR rating; ULC S109 & ASTM E84
- ◆ 10.5kg(23lb) test nylon thread

Canadian Made Quality!

Construction integrates deluxe double scrim polyester reinforced vinyl landing surface and a specialized heavy-duty anti-skid vinyl bottom engineered to resist sliding out to offer a level of confidence for ultimate performance. All corners have a protective bead reinforcement to resist wear and tear. Foam core incorporates layers of stabilizing polyurethane foam constructed in a lattice design to maximize impact absorption.

Warranty

All Sportfactor products are guaranteed against defective workmanship or materials for a period of at least one-year if used for the purpose it was intended and under normal conditions.
